How We Will Calculate Your Balance: We use a method called "Average Daily Balance (excluding new purchases)".

How Do You Calculate My Variable Rates? Variable Rates are calculated by adding an index and a margin. The index is the highest U.S. Prime Rate (*hereafter* Prime) published in the Wall Street Journal "Money Rates" section on the 13th day of each month. If the Wall Street Journal is not published on that day, then we will use the immediately preceding edition. Any increase in the Prime Rate may increase your Interest Charges and your Minimum Payment. The rate on any transaction type will not exceed 24.99% APR. Variable rates on the following transaction types will be updated monthly and will take effect on the first day of your monthly billing periods:

- Purchase APR: Prime plus 3.74% for Low Rate Visa, Prime plus 5.74% for Rebate Eligible Visa, or Prime plus 6.74% for Rewards Visa;
- Non-Introductory Transfer APR: Prime plus 3.74% for Low Rate Visa, Prime plus 5.74% for Rebate Eligible Visa, or Prime plus 6.74% for Rewards Visa;
- Cash Advance APR: Prime plus 3.74% for Low Rate Visa, Prime plus 5.74% for Rebate Eligible Visa, or Prime plus 6.74% for Rewards Visa.

How Do You Determine My Credit Line? We will determine your credit line after a review of your application and your ability to pay.
